A Tribute to Nelson Mandela on the anniversary of his 100th Birthday

"If you are humble, you are no threat to anybody.
Some behave in a way that dominates others. That's a mistake.
If you want the co-operation of humans around you, you must make them feel
they are important--and you do that by being genuine and humble.
You know that other people have qualities that may be better than your own.
Let them express them."
